

Welcome to the *Directory of Montana Schools for 2004-2005*. I hope you find this comprehensive publication useful to you during the school year. This directory contains an array of information to assist you in locating the appropriate contact for:

- Montana's School Districts
- OPI Staff
- Education Associations
- Board of Public Education
- Higher Education
- County Treasurers and Superintendents
- And more ...

It is important to me that the most up-to-date information regarding Montana's K-12 public education is available to educators and the public.

I invite you to check out the Office of Public Instruction's Web site www.opi.state.mt.us. The OPI Web site is easy to use and contains many resources, such as published reports and documents, state and national education news, upcoming education events, links to OPI programs, as well as this *Directory of Montana Schools for 2004-2005* in electronic form.

We strive to constantly keep you informed of meaningful and helpful education information. Your suggestions are always welcome as to how we can best serve your needs and be a better resource to Montana schools and classrooms. My electronic door is always open and I look forward to hearing from you.

Best wishes for a successful 2004-2005 school year.

STATE BOARD GOVERNANCE

Structure

The Board of Public Education, exercising general supervisory responsibility and in most cases acting on the recommendations of the superintendent of Public Instruction, has a number of duties prescribed by law concerning the elementary and secondary schools of the state (e.g., accreditation and teacher certification). The control and supervision of the School for the Deaf and Blind is vested in the Board of Public Education.

The Board of Regents is vested with full power, responsibility and authority to supervise, coordinate, manage and control the Montana University System and also to supervise and coordinate community college and colleges of technology.

The members of the Board of Public Education and the Board of Regents, meeting together, form the State Board of Education which has responsibility for submitting unified budget requests for long-range planning and for coordination and evaluation of policies and programs for the state's educational systems. The Governor serves as president and the Superintendent of Public Instruction serves as secretary of the State Board of Education.

Membership

The Board of Public Education and the Board of Regents each have seven voting members appointed by the Governor with the consent of the Senate. Neither board may have more than four voting members from the same congressional district or from the same political party or organization. The term of office for appointed members is seven years, except for the student appointee to the Regents whose term varies. The Board of Public Education also has a non-voting student member who has a one-year term.

The Governor, Superintendent of Public Instruction and Commissioners of Higher Education serve as ex officio, non-voting members on both boards.
